PowerBI: 4 Steps of Data Analysis?

1. Get Data
2. Shape Data
3. Create a visualization
4. Publish

Extended Exercises

UEFA European Football Championship Analysis

Steps

1. Get data from wiki
2. Power Query Editor
3. Remove other Columns (Keep Year, Final Winner)
4. 'Details' Value problems (Replace values from the Transform Group)
5. Filter 'Year' in Year column
6. Rename final Winner column header as Country

Steps

7. Deselect 2020 (Text Filters > Does not Equal)
8. Change the Query Name (In Query Settings name to 'Euro Cup Winners')
9. Close and Apply
10. Tick 'Country' and drag to editing area
11. Drag 'Year' to 'Size' to change to 'Count of Year'
12. Format -> Change Data color
13. Add Pie Chart (tick Pie Chart)

Data in Hong Kong
