QEF Proposal

Environmental Education **@KTR**

An aerial photograph of a river, likely the Kai Tak River, showing reflections of surrounding buildings and trees. The water is calm, creating clear mirror images of the urban landscape above. The title text is overlaid on the right side of the image.

ECF Proposal

Zone A - Environmental Art

An area and exhibition ground for Environmental Art - a range of art expressions performed to raise questions and interpret nature and its processes.

See Appendix XX

Zone B - Grassroot Market

A grassroots market that inhabits the canal and the village front and creates a dynamic street life.

See Appendix XX

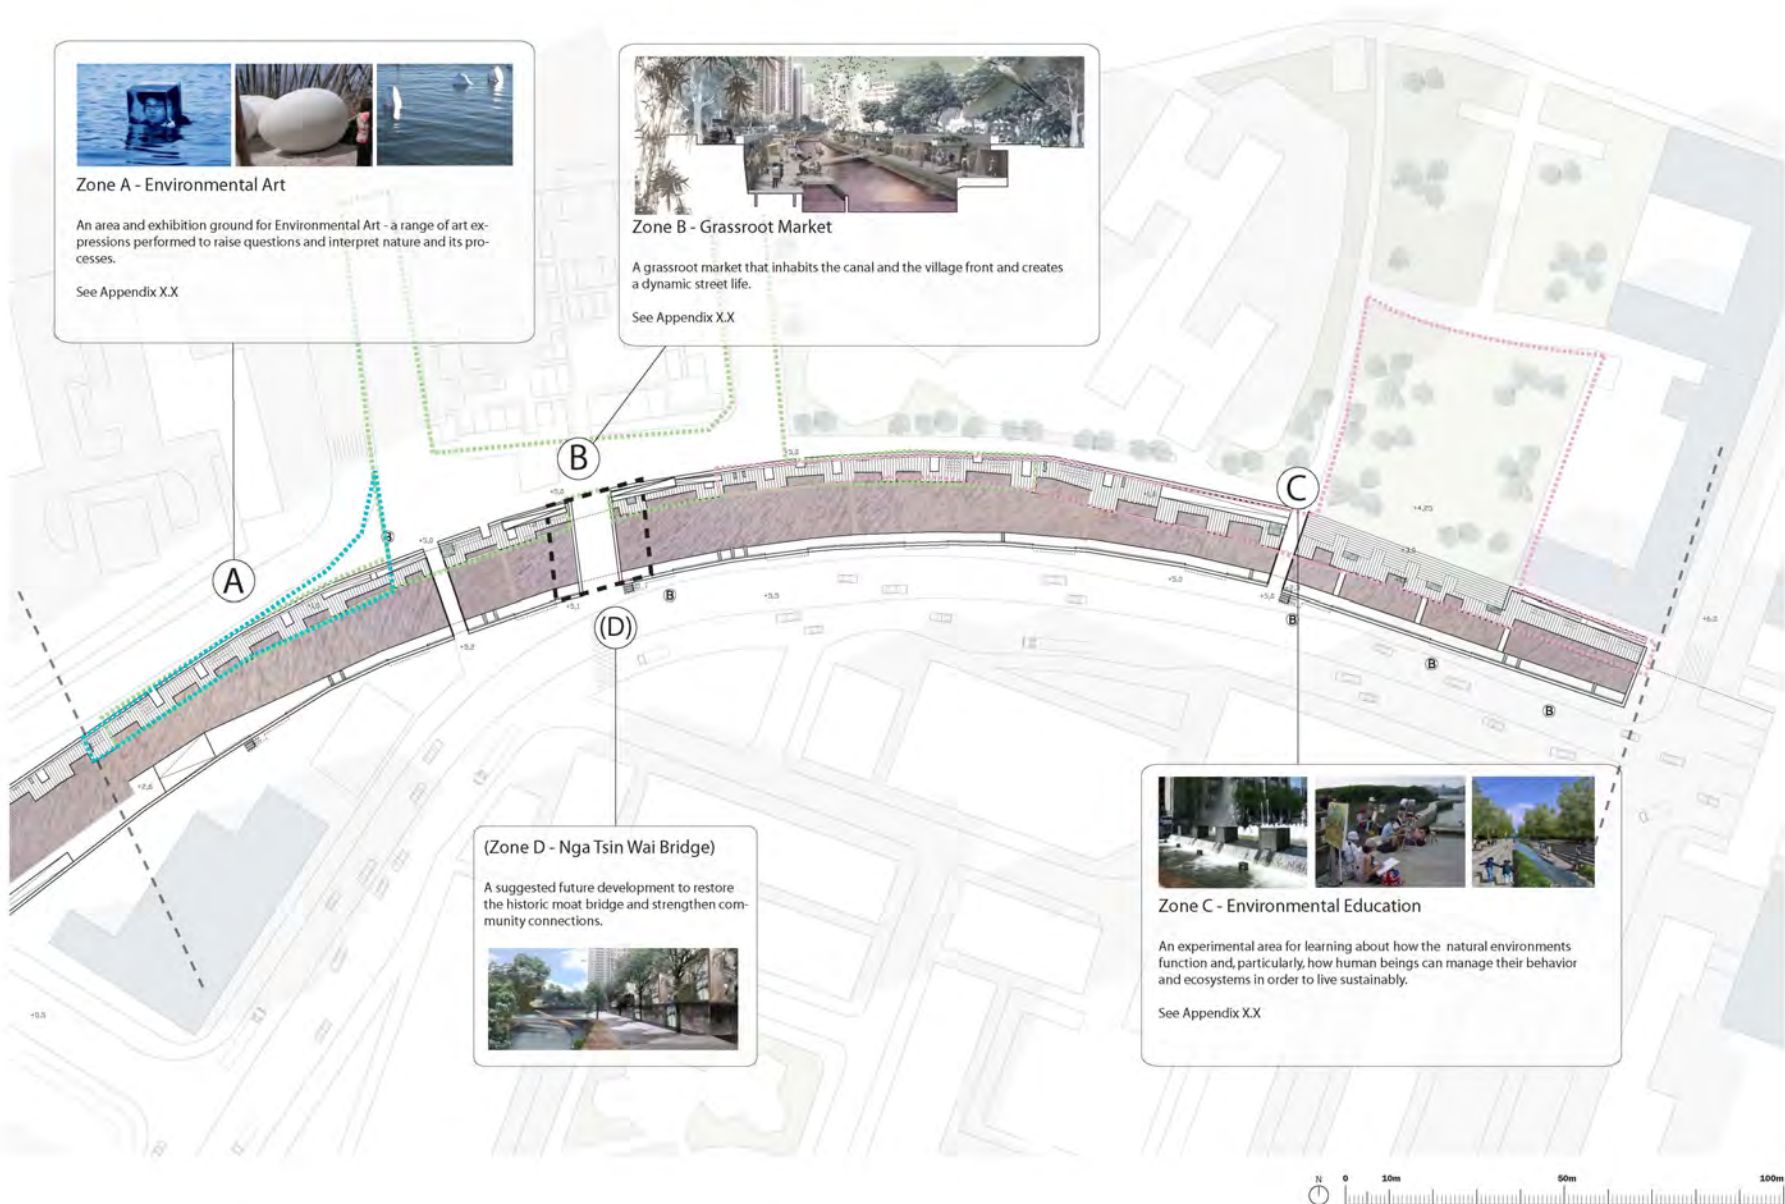

Zone C - Environmental Education

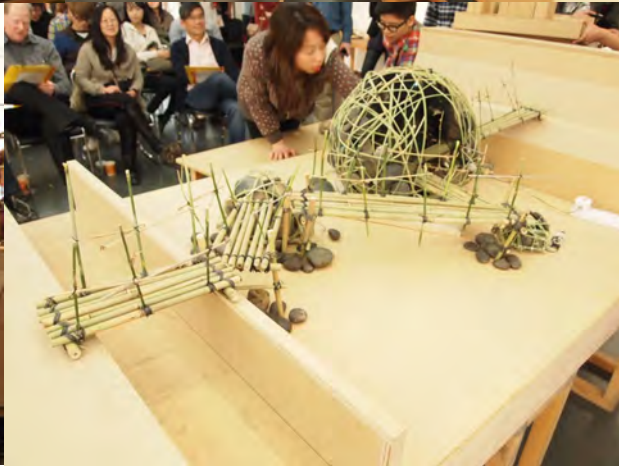

An experimental area for learning about how the natural environments function and, particularly, how human beings can manage their behavior and ecosystems in order to live sustainably.

See Appendix XX

(Zone D - Nga Tsin Wai Bridge)

A suggested future development to restore the historic moat bridge and strengthen community connections.

生活共構
e • CO HABITAT

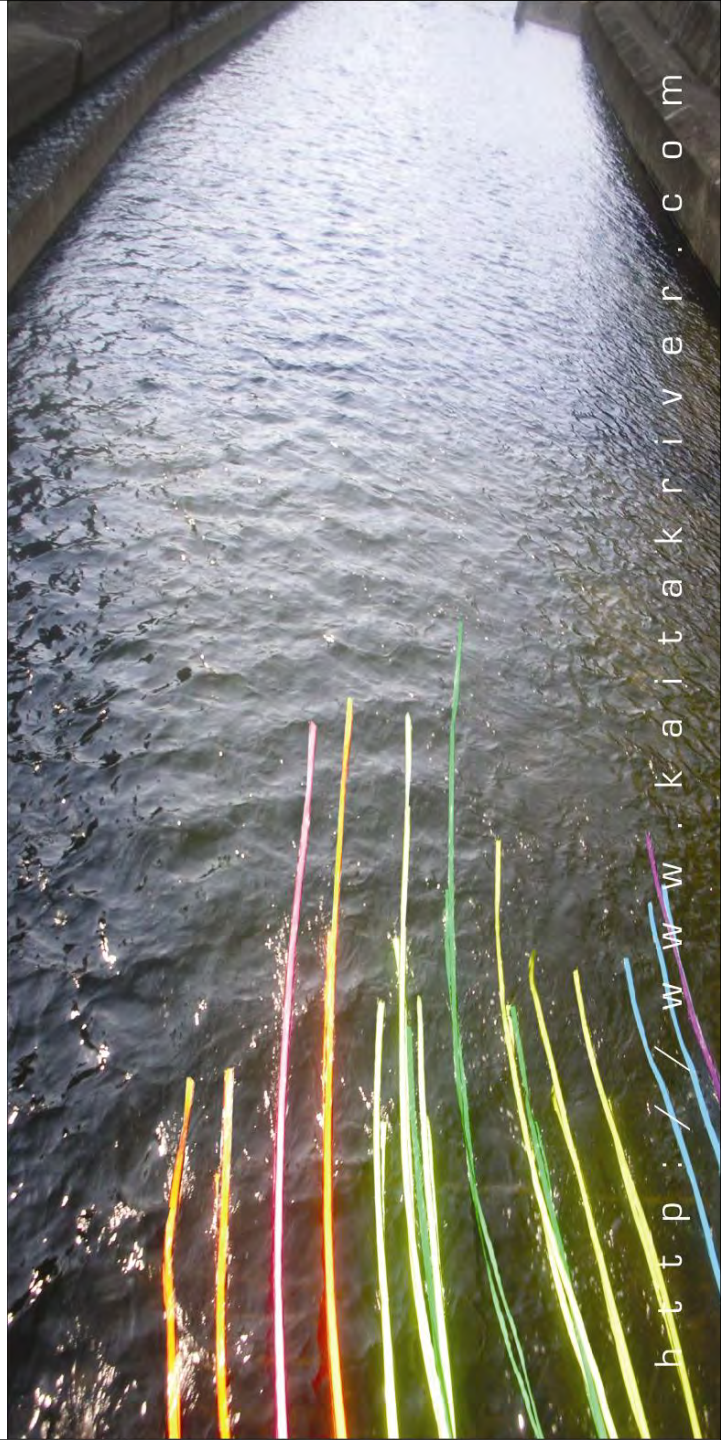

進一步推動「共構・共建・共享」的人文價值，具體建構生態人文共生的社會環境。

To advance the humanistic values of 'Design Together, Build Together, Enjoy Together', and to materialize the possibility of constructing a humanistic co-habitat of social environment.

“E-pathy City – Collaborative Mapping”
14 Dec 2015

“E-Pathy City- Green-Net-Working (III)”
16 Jan 2016

Intervention and interflow

In phase 2 of E-pathy City, a series of workshops under the concept of Intervention and interflow will be organized to explore and experiment the concept of Empathy City through discussions and interactions. Participants will be challenged to use their own language to construct the theoretical framework of the Empathy concept.

Green Net-working
